## **MEETING WITH WAKEFIELD ENVIRONMENTAL HEALTH DEPARTMENT**

---

Dear ASDA Workers

On Monday, 8<sup>th</sup> December 2008, representatives from the Union met with Wakefield Environmental Health Department. Wakefield is the primary or lead Environmental Health Department for ASDA nationally.

We have raised serious concerns about the failure to properly manage safety in ASDA, particularly in Stores where the Company continue to resist the appointment of safety representatives.

We are awaiting feedback and members will be kept advised of developments.

The Union is determined to ensure ASDA starts to properly comply with the Health and Safety at Work Act.
