

Management Representation within ASDA

Dear Colleagues,

As you are aware GMB have represented hourly paid colleagues from the early days of ASDA. However you may not be aware that throughout this time GMB have also represented Management within ASDA.

As a GMB member, both colleague and management, you are legally entitled to a fully trained GMB representative for representation or advice.

GMB London Region have seen over the past couple of years an increase in Management within ASDA contacting ourselves for support. We fully understand and realise that, at times, there appears to be nowhere to turn for advice or support for issues both inside and outside of work.

Due to this and also to ensure that you receive the correct advice and representation we have appointed a GMB Management Representative. Lee Dickerson whom is the PTM for ASDA Basildon Pippis Hill has accepted this position and is keen to assist GMB management members throughout the region.

As part of Lee's role he will be your voice within ASDA ensuring that issues which affect management within the London Region are raised and addressed. In addition Lee will be undertaking representation for salaried management within ASDA.

Lee can only represent GMB members, if you require further information upon becoming a GMB member or would like to join please visit www.gmb.org.uk/join

Lee can be contacted privately by email upon management@gmb-asda.com or you can call him directly upon 07528 813481

Yours sincerely,

Keith Dixon
